

SEEKS TO RECOVER ON DOLLINGS STOCK

Minnie Weiss Charges A. F. Gahmer
"Falsely Represented" Its Value
Shortly Before Receivership

CASE ATTRACTS ATTENTION

May Have Far Reaching Effects as
Question of Responsibility in Re-
Sale is Involved

Another angle in the re-sale of stock in the R. L. Dollings Company, is contained in a law suit filed this afternoon in the circuit court, which may serve as a test case for other actions to recover judgment on alleged bad stock sales by individuals, other than agents for the defunct concern.

In the action filed today, Minnie Weiss is plaintiff and Albert F. Gahmer, defendant, in which the demand is for \$600 judgment. The complaint was prepared by John H. Kiplinger, local attorney.

The action dates back to a period before the Dollings company was exposed, in which the plaintiff charges that the defendant was the owner of four shares of stock in the Service Motor Truck Company, an Indiana corporation, financed by the Dollings company.

The parvalue of the stock was \$100 a share, according to the complaint. On February 16, 1923, the action sets out that the defendant approached the plaintiff, and "falsely and fraudulently represented to the plaintiff that the stock of the said Service Motor Truck company was worth one hundred cents on the dollar; that it was paying seven percent dividends regularly; that it was as good as gold in the bank, and as safe as the United States Government, and that the R. L. Dollings company handled only first class, high grade stocks, and that the plaintiff could at any time she desired, immediately re-sell said stock and obtain her money there-of."

The action sets out that the plaintiff purchased the stock from the defendant, and thereafter the Dollings company was thrown into the hands of a receiver. She alleges that she tendered the stock back to him because it was worthless, and he refused to accept it, or return to her the money.

The plaintiff demands in her complaint that the defendant should be compelled to assume the stock, as he was not an agent of the Dollings company, and was responsible for the alleged fraudulent sale. She seeks judgment in the sum of \$600, and asks the court to declare the defendant the owner of the stock.

The suit may open the way for similar actions, it was intimated today, in which persons had bought Dollings stock from individuals on the resale plan.

MRS. MARY E. POWELL, 87 EXPIRED ON WEDNESDAY

Well Known Woman of Rushville,
Was Born in Jackson Township,
and Lived Here 20 Years

LEAVES SON, HOMER POWELL

Mrs. Mary E. Powell, age 87 years, one of the oldest residents of Rushville, died Wednesday afternoon at 3:40 o'clock, at her home, 917 North Main street, death resulting from an illness of three weeks.

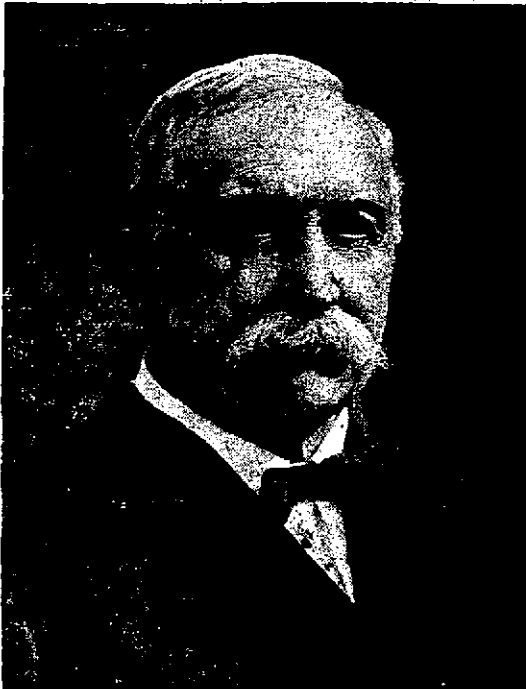

The deceased was born in Jackson township, the daughter of William and Katherine Porter. Her husband, John M. Powell, preceded her in death several years ago. She had lived in Rushville for the past 20 years.

Mrs. Powell had been in poor health for several months, and three weeks ago she suffered an attack while in her yard, and her condition grew worse, with little hopes maintained for her recovery.

She is survived by one son, Homer Powell of this city, and two grandsons, Chester and Chase Cross, living north of Rushville.

Funeral services will be held at her late residence Friday afternoon at three o'clock, and a burial will be made in East Hill cemetery.

FORMER LIEUT. GOVERNOR DIES

FRANK J. HALL

Frank J. Hall, who died at the state Masonic home in Franklin this morning, was the dean of the Rush County Bar association, having been a member for fifty-six years.

He was admitted to the practice of law here in 1869 and practiced continuously, with the exception of four years, he served as lieutenant governor of Indiana, until the latter part of 1921, when his health forced him to inactivity.

Mr. Hall served from 1908 to 1912 in the second highest office in Indiana with Thomas R. Marshall, who recently died.

FRANK HALL DIES AT MASONIC HOME

Former Lieutenant Governor of Indiana and Dean of Rush County Bar. Ill Long Time

ENTERED HOME IN FEB. 1922

Body to be Brought to Rushville and May be Viewed by Friends at Wyatt's—Funeral at Raleigh

Frank J. Hall, age eighty-one years, former Rushville attorney and at one time lieutenant governor of Indiana, died at the state Masonic home in Franklin this morning.

Mr. Hall had been an inmate of the home since February, 1922, and a number of times his life was despaired of, during the past three years. He was feeble for several years before entering the home.

The deceased was lieutenant governor of Indiana from 1908 to 1912 and also served one two-year term as mayor of Rushville from 1904 to 1906. He was twice democratic candidate for state representative, but was defeated both times.

He was dean of the Rush county bar, having been admitted to the practice of law here fifty-six years ago.

Arrangements were being made to bring the body to Rushville this afternoon, to the George C. Wyatt & Co., mortuary chapel, where the remains may be viewed by friends. The body will be removed late this evening to the residence of R. J. Hall north of the city.

Funeral services will be held at the Raleigh Christian church and burial will take place in the church cemetery adjoining. Mr. Hall many times expressed the wish that he be buried at Raleigh.

Mr. Hall was the son of the late William S. and Nancy M. Hall and was born Feb. 16, 1844 in Washington township. His boyhood was spent on his father's farm where during the winter months he attended the neighborhood school and at seventeen was so far advanced that he became a teacher continuing so employed for about two years.

At twenty he entered Farmer's college, College Hill, Ohio, and there showed such oratorical ability as to gain an enviable reputation. He left this institution, however, and in September, 1865, entered the state university at Bloomington where after two years of study he graduated with the class of 1867.

He then entered the law department of the same university and graduated in 1869. At once the practice of his profession was begun in Rushville where it continued until a few years ago when he was compelled to retire on account of illness.

Early in 1922 he suffered a stroke of apoplexy and on account of his feeble condition, he was taken in February of that year to the Masonic home at Franklin, where he had since made his home. He suffered another stroke March 1, 1922, and his condition was regarded as serious at that time.

The deceased was known and acknowledged as the dean of the bar of the Rush Circuit court, having been admitted in 1869.

Twice he was nominated by the democratic party as a candidate for representative in the state legislature.

ONE DEATH IN INDIANA WIND AND RAIN STORM

Mrs. Katherine Scott, 50, Killed at Merom—Heaviest Damage in Montgomery County

NO SERIOUS LOCAL DAMAGE

Indianapolis, Ind., Aug. 20.—(U.P.)—One death and considerable property damage were reported in Indiana today following the wind and rain storm which swept the central southern parts of the state after a day of excessive heat.

Mrs. Katherine Scott, 50, was killed at Merom when she came in contact with an electric light wire blown down by the storm.

One man was injured in Indianapolis and two others had narrow escapes when their bed was covered with debris as lightning struck their house.

The heaviest damage was reported from Montgomery county where trees were blown down and crops were beaten to the ground.

Two fires started by lightning caused \$5,000 damage at Veedersburg. Several buildings in Montgomery county were unroofed by the wind.

No serious damage was reported locally as the result of the wind and rain storm which passed over Rush county about six o'clock Wednesday evening. Limbs were blown from trees and in a few instances corn was blown over, but none was laid flat on the ground.

The storm resulted in a rapid drop in temperature and rain fell intermittently during the night and day.

BOYS AND GIRLS FORM INTO TRIBES

Club Members Attending Camp at Walnut Grove in Shelby County Govern Themselves

COMPETE FOR CAMP HONORS

Infractions of Rules are Demerits to Tribe Whose Members Are Found Guilty

Shelbyville, Ind., Aug. 20.—More than two hundred boys and girls, club members from Rush, Decatur and Shelby counties, are enjoying themselves at the club camp being held at Walnut Grove, northwest of Shelbyville, on the banks of Sugar Creek, according to word received today from County Agent H. D. Jackson, who is the manager of the big camp.

The boys and girls have been divided into ten tribes, five for the girls and five for the boys. The camp, since the organization of the tribes, has been made self-governing. Each tribe has its chief, its squad of "dog-soldiers" and its fire chief. The tribes also make their own rules, and the members are expected to observe them. All infractions are reported and violators are taken before the chief of the tribe for punishment.

The tribes are competing for the honors of the camp. All infractions of the rules bring demerits to the tribe whose members are found guilty. Merit marks are awarded to the tribe members for work in their classes and for other work which they perform at the camp. The marks for camp work are given at the rate of fifty for an hour. Points are also given for victory in games and contests, and for stunts which are presented about the camp fires each evening.

Tribes which have been organized by the girls are Red Wings, Creeks, Minnehaha, Black Hawk and Mohawks. Helen Smith is the chief of the Red Wings, and Esther Thompson was selected to lead the Creeks. Jeanette Barrett was named as chief of the Minnehaha tribe. LaVonne Elliot is the Black Hawk chief and Dale Parrish is the leader of the Mohawk tribe.

The tribes which were organized by the boys have been designated Osage, Cherokee, Blackfeet, Miami, and Delaware. Leslie Wissing is the chief of the Osage tribe. Alton Wilson leads the Cherokees and Inlow John is the Blackfeet leader. Forrest Hall does the "chiefting" for the Miamis and Cecil Pike is the leader of the Delawares.

The Minnehaha tribe defeated the Creeks in a game of indoor baseball played at the camp. The score was 20 to 16. The girl who did the pitching for the winners also slammed out three home runs during the game.

NINETY DAYS AND \$100 FINE

Alpheus Taylor was arraigned this afternoon in police court before Mayor Thomas on a charge of illegal sale of liquor and pleaded guilty, receiving a fine of \$100 and costs, and a sentence of 90 days at the state penal farm.

The defendant was arrested several weeks ago on the charge and had been at liberty on bond, with the case set for a hearing today. The fine and costs were not paid and commitment papers were made out for 220 days, or seven months at the farm.

The police court will be in session in the morning at nine o'clock when the case against James Bennett of near Moscow is set for a hearing. He is charged with the illegal sale of liquor, having been implicated by Indianapolis people who were arrested in the vicinity of Moscow when the machine in which they were riding turned over. TAMPERED WITH MAIL

Bicknell, Ind., Aug. 20—Postal inspectors today sought further evidence to clinch their case against Carl Catt, money order clerk in the Bicknell postoffice who is charged with tampering with the mails. The inspectors found an opened registered letter and marked money that had been left in the cash drawer at the postoffice concealed in Catt's apartment.

BIBLE THOUGHT
—FOR TODAY—
Bible thoughts, remarks, will prove a
valuable heritage to all who read.

A Very Needful Prayer—
Shew me thy ways, O Lord;
teach me thy paths. Let integrity
and uprightness preserve me;
for I wait on thee. Psalm 25: 4-21.

Prayer:—Enable us, O Lord,
to commit our way unto Thee,
and Thou wilt direct our paths.

Results That Count
A bank in Monrovia, Ind., tests
seed corn for farmers. A basement
room was fitted out last season for
the purpose and 25,000 ears were
tested for fifty-six farmers. One-
fourth of the seed tested last year
was unfit for seed. This year the
percentage will run even higher. The
work is done under the supervision
of the high school agricultural
teacher. He reports that the com-
munity will have a surplus of seed
corn this year.

The banks of Conway, Ark., have
offered prizes for the most market-
able sweet potatoes produced on
one acre of land. A first prize of
\$150 is offered, along with three
district prizes of \$50 each. The
county agent and the banks are
working out the details.

The County Bankers Association
will help to employ a full time
county leader this year for boys
and girls' club work in Calhoun,
Cherokee and Buena Vista counties,
Iowa.

The American National Bank of
this city is fostering the Rush
county barrow club and offering
prizes to stimulate the interest of
young people on the farm in pro-
duction of livestock.

Banks may well render this ser-
vice because it is of great value to
the community and serves to start
many boys in the direction towards

a career as a successful farmer.

Such work need not be restricted
to banking. Other business men
might with equal success strive to
create more interest among young
people on the farm in the business
of producing food.

The Rushville Boosters club was
imbued with a worthy spirit when it
agreed to back the Rush County
Boys' Corn Club. The enterprise is
surpassing all expectations in the
competition it has aroused among
the farm boys of the county and
the friendships it has created be-
tween Rushville business men and
rural business men.

"Prince" of Bandits

Gerald Chapman is variously re-
ferred to as "prince of bandits."

Chapman has a criminal record that
makes the experiences of Jesse
James appear as child's play. He
has been sentenced to die in Con-
necticut, as punishment for murder.

Newspaper dispatches frequently
allude to him as "prince" and
wonder is often expressed that the
word should thus be used.

Prince means one of highest rank.

The first impression from hearing
the word spoken or seeing it in
print is that royal blood is referred to.

But it may be used correctly as a
means of designating preeminence in
a class or profession. The common
conception, however, of the term
is that it signifies something to be
aspired to, to be admired.

Surely we do not want to glorify
banditry. No one would favor throw-
ing any princely glamour about
a man who never hesitated to kill
and whose comrades in crime are
now being traced to their lairs for
a "vengeance" murder in the slay-
ing of Mr. and Mrs. Ben Hance,
near Muncie, Ind., for bringing
about Chapman's capture.

There has been altogether too
much deceptive and enticing charm
given the characters of crime by
romancing newspaper reporters. It
has served to lead all too many
beardless youths into paths of
crime.

Instead of the rank of prince, bet-
ter had we call him the incarnation
of the one who rules over the lower
regions. Then the fascination that
may intrigue the imaginations of
boys will all be lost.

A Telephone Nation

There are more than fifteen mil-
lion telephones in the United States.

There were 1841 telephone conver-
sations for each man, woman and
child per year. In 1923 there were
640,630 used in Europe. Of this
number 529,312 phones were in-
stalled in 1923. In New York City
there are more telephones than in
all of Great Britain.

In the number of telephones
throughout the world the United
States ranks first, Canada second,
Germany third, Great Britain fourth.
San Francisco has more phones
than Switzerland, Detroit more than
Australia, Chicago more than all of
France.

Stewart's Washington Letter

BY CHARLES P. STEWART
NEA Service Writer

WASHINGTON—If ever you
want anything from the
State Department make up
your mind to snoop in and beg—
unless you're worth at least a
million or have a strong political
pull.

The State Department is the gov-
ernment's snobocracy. You take
off your hat when you go there—
or get the icy stare. What's more,
you get turned down.

Say you want a passport to go
somewhere. You think you're en-
titled to one. Well, you're not, if
the State Department disapproves.

No explanation's required,
either. Some departments are re-
quired by law to do certain things.
Nearly everything is left to the
State Department to handle as it
thinks best.

Be diplomatic with the State
Department if you want it to be
diplomatic with you.

THE Treasury Department is on
the job to tend to your legiti-
mate business. It puts on no
airs, as the State Department does,
but it's rushed. State your case
briefly. Get your answer. No, no
argument. Next, please.

THE War Department is more
human than you might ex-
pect. In peace times it's
rather dependent on public good
will. It needs money in large
chunks. It realizes it won't get it
unless it's popular.

All but pacifists get nice treat-
ment at the Department of War.

THE Justice Department always
is snowed under with work.
It feels like the Treasury De-
partment, which is busy but keeps
on top of its job. The Justice De-
partment is behindhand everlast-
ingly.

It listens to you, but it listens
with a worried air, conscious that
all the time it's delayed it's getting
deeper and deeper into the hole.

THE Postoffice Department, of
all the departments, is closest
to the most people. It shows
this. It understands—because it
knows you.

THE Navy Department, like the
War Department, realizes the
need of popularity and bids
for it by being polite. Like the
War Department again, its one
aversion is the pacifist. If you're
one, don't come around. Otherwise
you get the glad hand.

FIFTEEN YEARS
AGO TODAY

From Daily Republican
Saturday, Aug. 20, 1910

James Hall of Richland barely
escaped being fatally injured or per-
haps killed one day this week, when
a pitch-fork was dropped from the
top of a glad of hay to the ground
and struck him in the breast. Hall
had gone back to repair the hay
loader when the man on the top of
the wagon dropped his fork to the
ground. George Green, who was
working near, called to Hall to
jump, which he did and in that
manner barely avoided being hit in
the head by the fork.

Clanging dishespan, the clapping
of hands or the reports of shot guns
and rifles have no terrors for the
blackbirds which infest the trees in
the northern residence portion of
the city.

In attempting to do a hundred
yards in better than ten seconds, the
world's record, Birney Spradling
deputy clerk, sprained his ankle yester-
day afternoon, and today is
hardly able to walk even with the
aid of a cane.

Mr. and Mrs. John H. Frazee and
daughter, Miss Florence, and Mr.
and Mrs. Walter Smith of this city,
and Mr. and Mrs. Harry E. Grisham
of Tipton will go to Detroit tomor-
row for a ten days' stay.

On next Wednesday a path will
be begun being beaten between this
city and Indianapolis by the Kappa
Alpha Phi of the local chapter on
which day the twelfth annual con-
vention of the organization will be-
gin. The members of the local chap-
ter are Louis Mauzy, Scott Buell,
Royden Cox, Ward Hacklemin, Ben
Humes, John Monjar, Max Wallace,
Byron Cowing, Perry Oneal, Robert
Humes, Walter Capp, Ernest Norris,
Carl Gunning, Chase Monjar, Ed
Berry, Weldon Brann, Edwin Wat-
son, Cleo Emsweller, and John

Mr. and Mrs. Edward A. Lee

daughter Miss Bessie Ann to Dr.

olis. The wedding will take place
early in September.

Milroy is to have an opera house
this winter. C. C. Richey has made
arrangements to offer the people of
that town some rare attractions dur-
ing the winter months.

The Misses Mary and Nellie Guf-
fin, who have been spending the
summer in Virginia, will return home
next week.

Mrs. Paul Colvin has returned
home after a several days' visit with
Miss Mabel Seaford in Indianapolis.

Mrs. Ella Wayland and daughter,
Miss Lillian, of Columbus, Ind.,
came this morning for a brief visit
with Mr. and Mrs. William Bain-
bridge at their home in North Jul-
ian street.

Mrs. Charles Caron and son Les-
ter and daughter Katherine went to
Newcastle yesterday for a visit with
relatives.

Miss Ruth Aldridge will go to Chi-
cago tomorrow for a brief visit with
friends.

AT MASONIC HOME

islatore and though for political
reasons success was impossible, his
personal popularity was shown in
both contests by the fact that he
received much more than his party
vote.

In 1904 Mr. Hall overcame an
adverse republican majority and was
elected mayor of Rushville, serving
from September 1 of that year un-
til September 1, 1906, as the office
at that time was for a term of two
years.

In 1908 Mr. Hall was a candidate
for lieutenant governor of Indiana
as a running mate for Thomas R.
Marshall and each was elected and
held office from 1909 to 1913.

After serving his term as lieuten-
ant governor, he returned to Rush-
ville and resumed his law practice,
but he became more feeble with ad-
vanced age, until illness compelled
him to retire.

The deceased was never married.

Mr. Hall is survived by one brother,
Lafayette Hall, living west of
Raleigh, one half-brother R. J. Hall,
living north of Rushville, and a half
sister, Mrs. Dell Miles of Hialeah,
Florida, until a few years ago a
resident of this county. Several
nieces and nephews also survive.

To Those Interested in the
Development of Rushville:

We are arranging to finance the building of a number of new homes to relieve
housing conditions in Rushville and to care for the increase in population that is
sure to come this year. Frankly, to do this and to serve Rushville as we have
for 35 years

For these we pay 6% on sums of \$100.00 or over from the day that we receive
them. We take no "long chances." Every loan is a unit. We never advance
over 60% of cost on new property. And your money is protected in every way
possible through exceedingly strong examinations through the State Banking
Department.

This is the Only Investment that you can conveniently make where you can see
where your money is being invested. All that you have to do is to examine the
Mortgage Record in the County Recorder's Office, for we loan on first mort-
gage only.

THINK THAT OVER and then come to our office for further details.

Safety at the Crossing

The men of the Big Four are proud of their record in promoting safety in railroad work and railroad travel.

They have played a large part in the remarkable reduction of 60 per cent in the number of casualties on the New York Central Lines in the past twelve years.

But crossing accidents have greatly increased.

Sixty-three per cent of these accidents occur in daylight in the open country where approaching trains can easily be seen.

Crossing accidents could be greatly reduced—practically eliminated, in fact—if the railroads could enlist from automobile drivers the same cooperation they have from their employees.

LEAGUE LEADERS WILL DECIDE 5 GAME SERIES

Giants and Pirates Will Meet in
New York Over The Week End
to Fight Out Their Standing

BOTH ARE TOP NOTCHERS

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, Aug. 20—Properly rights to the 1925 National League pennant may be decided here over the week end when the Pittsburgh Pirates and the New York Giants meet in the most important series of the season.

The two leading contenders for the National League end of the world's series, are scheduled to meet in five games jammed into three days with a double header on Friday and Saturday and a single game on Sunday.

This series has as many possibilities as that memorable encounter between the Giants and the Reds late in 1919 when the Cincinnati club clinched the pennant by sweeping a six game series from the Giants that was played in three days.

The Giants are now three games behind the Pirates. By sweeping the series the Giants could regain first place by a margin of two games on the Pirates. On the other hand, the Pirates, by sweeping the series, could just about put the pennant in the bag and they would only have to coast in for the rest of the season.

KEEPING ONE EYE ON THE SCORE BOARD

Yesterday's Hero: Cotton Tierney, Brooklyn infielder and former Pirate, tripled in the seventh inning with the bases filled and drove in three runs that beat the Pirates, 8 to 7.

Frank Snyder, veteran Giant catcher, doubled in the sixth inning and shoved Lindstrom home with the run that downed the Cubs, 7 to 6.

Six errors by the Yankee defense blew the game from under Herb Pennock and the Tigers won 4 to 3.

Cy Williams singled in the ninth and was pushed over with the run that gave the Phillies a 5 to 4 victory over the Reds. It was the first time the Phillies have beaten Pete Donohue in 21 games.

Gautreaux's single with the bases filled and a triple by Welch scored four runs and the Braves beat the Cardinals again, 5 to 4.

Six runs scored on a ninth inning rally proved not enough and the Athletics were beaten by the Browns 9 to 8.

With two down in the ninth and the bases filled, Marberry rushed to the aid of Dutch Reuther and retired McNulty on two pitched balls, the Senators defeating the Indians 12 to 8.

One pass, a single and a double in the eighth inning gave the Red Sox their only run off Charley Robertson, and the White Sox won, 3 to 1.

Eagle River, Wis.—The annual Land of the Lakes speed boat race here was won by Lady Billy, owned by C. H. Foster, Carter Herman's Trojan finished a close second.

Elmer Bassett, Shelbyville attorney, spoke to the campers Wednesday morning and last evening Rev. I. C. Oerman, pastor of the First Baptist church here, conducted sunset services. James Covert, of the Indiana Farm Federation, addressed the members Tuesday. Thursday evening, at the sunset service, Dr. L. T. Freeland, pastor of the First M. E. church, of Shelbyville, is to speak. The camp will close Friday at noon.

The health of the boys and girls at the camp is good, it was reported. The young people are being looked after by Dr. H. W. McKinn, of the state health board office, and Miss Jeanette Toner, visiting nurse for Shelby county. One youngster, who engaged in a fight with a nest of bumble bees Tuesday, came out of the argument with a swollen eye. One girl yesterday afternoon slightly sprained her ankle when she stumbled over a wire. Both were given attention at the camp.

Miss Toner is conducting classes in first aid work among the boys and girls.

Perspiration—Dust

The two worst enemies of your clothing. Perspiration makes the cloth decay and deteriorate in other ways. Dust grinds the fibres and a suit cannot long stand up under a combination of the two unless you take good care of it. It costs little and means so much in the wear and appearance of clothing to have them dry cleaned often.

Supreme QUALITY NEW CHRYSLER SIX

At the completion of the first history-making year of Chrysler Six—Walter P. Chrysler pledged himself and his organization to strive earnestly to keep the Chrysler Six as far ahead of the wasteful and commonplace as it stood at that moment.

The new Chrysler Six—at new and lower prices—is the answer to that promise—the result of his engineering and manufacturing genius which never rests satisfied.

While the motoring public acclaims the Chrysler Six as the most phenomenal car ever built, Walter P. Chrysler announces notable improvements in quality—of materials, of performance, of craftsmanship, of equipment, of design.

Greater Power—Increased cylinder bore, resulting in approximately 10 per cent more torque giving 70 miles per hour with greater ease and quickness than ever before.

Faster Acceleration—5 to 25 miles in 7 seconds, power enough to climb the steepest grades and pull through deepest mud or sand, from refined power plant with a still larger crankshaft of 50 per cent greater torsional rigidity.

Remarkable Fuel Economy—Carburetion improved to deliver 20 and more miles per gallon of gasoline, notwithstanding increased power and faster acceleration.

Improved Rear Axle—Rear gears and pinions are larger; differential carrier heavier to handle increased engine power.

Distinctive Color Combinations—Body colors, in Duco, are the most attractive and tasteful ever offered. Chrysler-designed, Fisher-built closed bodies are further refined; attractively low and gracefully rounded.

Extraordinary Equipment—Chrysler equipment is of a quality and completeness rarely found on any car—even the highest priced. It includes Purolator, which filters all dirt from crankcase oil as the motor runs; Watson Stabilizers, the most efficient and most costly device of its type to absorb the shock of road irregularities and cleaner, which removes all road dirt and dust from air entering the engine; thermostat control of water heat for most efficient operation; Chrysler-Lockheed hydraulic four-wheel brakes which provide utmost safety of control; Spartan "SOS" electric horn; duco durable body finish; balloon tires.

Cold words fail to describe this new Chrysler Six—a car so far beyond any companion with existing cars that you must know it personally to understand its unapproachable superiority. That is why we are eager to have you see and drive it for yourself.

A demonstration will prove conclusively to you why today's Chrysler Six strides far ahead of competition.
